CAPITAL STOCK \$2,500

The Maysville Base Ball Club of The Ohio State League Re-Organized On Systematic Business Lines —Great Season Promised.

Last night the base ball enthusiasts of Maysville got together in great shape.

We are to have a this year club. The game is to be clean and the grandstand will be void of anything to give offense.

The articles of incorporation of the new club were placed in the hands of County Clerk Owens this morning.

Capital stock \$2,500—500 shares at \$5 per share. This however does not represent all the money.

Many friends who do not wish to take stock have generously contributed. The fund will be nearly \$3,500.

Thomas L. Ewan, J. M. Cochran, W. W. McIlvain and Henry J. Shea filed the articles of incorporation.

Maysville will be in the Ohio State League and when the umpire calls "Play ball!" at the opening game there will be the feeling we are there to stay until the last man is out at the close of the season.

Much credit is due to the men who have the enterprise in hand for the manner in which they have handled it. It insures Maysville a clean, manly game for the coming season.

GEORGE H. JACKSON

Colored Man Who Claimed He Drove the Carriage Containing Pearl Bryan and Her Murderers is Dead

One of the most noted characters ever concerned in one of the world's most celebrated murder trials is dead.

George H. Jackson, colored, formerly of this city died at Springfield, Ohio, Tuesday, and was buried there yesterday.

Jackson claims he drove the hack containing Pearl Bryan and her murderers, Jackson and Walling, the night they carried her from Cincinnati, across the bridge and out to near Fort Thomas, where they murdered the girl and cut off her head.

George Jackson was the main witness against Jackson and Walling and it was largely on his evidence that the two men were hanged on March 20, 1897.

RENT 4,700 ACRES FOR \$10,000.

Four thousand seven hundred acres, being that portion of the farm of Cassius M. Clay lying in Nicholas County, was rented Monday to Messrs. W. D. McIntire, Henry Claywood, of Bourbon and D. M. Curry. Mr. Curry has charge of the farm, as manager for several years.

The rental is made for a period of five years and an annual rental of \$10,000 a year. Possession is given March 1st.

The immense tract will be farmed extensively. About 150 acres of tobacco will be raised.

SATURDAY NIGHT

closes the sale of Muslin Underwear. It presents opportunities worth grasping. Come in and see.

THERE ARE WONDERFUL VALUES IN THIS CLEAR-ANCE OF WOMEN'S READY-TO-WEAR GARMENTS.

With no consideration for legitimate prices the Suits, Coats, Blouses and Dresses of this season have been reduced to clear the deck for spring stock.

The styles are conservative and will not be outlived by this season's passing. The fabrics are excellent and are admirably tailored. Details are difficult in such a varied stock. The right way is to see these splendid bargains not to read about them. Come in today.

COATS FOR YOUR CHILDREN

Do you want Coats for children that will stand the strain restless little wearers put upon them? Hunt's Coats will—that is

as far as any garment can that is made of pure wool fabrics and not cast iron.

The entire stock is now radically reduced. Coats for girls 12 to 14 years old, \$2.98. Not this season's models but splendid values. Coats for children 2 to 10 years old, all new this season, at great reductions.

HANDSOME, ALL-WOOL SWEATER COATS

which will serve a dozen or more uses now and be ready for Spring when the Winter Coat is discarded.

Reduced as follows:

Gray, white, cardinal, tan, in sizes 36 to 42 for women. \$2.50 Sweaters \$1.85, \$3.00 Sweaters \$2.25. Red, white, gray, in sizes 32, 34 for misses. \$1.75 Sweaters \$1.30, \$2.00 Sweaters \$1.50.

BANKS IN FOREIGN LANDS.

Several of the large banks of New York City are preparing to establish branches in Rio de Janeiro, Buenos Ayres, Valparaiso, Lima and other South American cities.

The German banks resorted to this expedient to stimulate German trade in South America years ago, and it is said that it has worked well.

Nobody seems to be thinking at the present time of opening new banks in Mexico, and certainly the banking business in that distressed country is a risky venture, judged by the operations of Gen. Huerta with the banks in the Mexican capital—Louisville Post.

THE SUGAR TRUST PUT ONE OVER.

The Tariff tinkers in Congress are just finding out that the Sugar Trust put something over them in the new free sugar law. When the Tariff is taken off in 1916 the Trust expects that the beet sugar factories will all be out of commission, and they will then be able to supply all the sugar consumed in this country at an advance of a few cents a pound, which on 8,000,000,000 pounds consumed annually by Americans, will make quite a nice little sum mulched from the "peepul" by that damphool Free-Trade law. Oh, thou mighty Czar Wilson, that could softsap a supposedly intelligent body of Congressmen! Hats off to you, oh, Mighty School Teacher.—Pueblo (Col.) Sunday Opinion.

HITS LOBBYISTS HALEY

AND SHACKLEFORD.

Representative Price, of whom every Democrat in his native county of Clark should be proud, met defeat in having his resolution expurged from the House record, but that doesn't prove that Percy Haley and Sam Shackelford are not notorious lobbyists. Those members who were so anxious to have the matter dropped and threatened to institute proceedings, ousting the gentleman from Covington, are not cleansed of the implication and they have so far dropped the fight against Mr. Price, and they dare not carry it very far. Percy Haley has been a menace to the Democratic party of the State for years, and with others, who were looking for their own selfish welfare responsible for a Republican administration in Kentucky.—Winchester Democrat.

BE CAREFUL.

The Legislature would tread on exceedingly dangerous ground in refusing to submit again the constitutional amendment for convict labor on public roads.

It would flatly deny the people of Kentucky what they have voted for.

It would do deliberately what the Secretary of State has been indignantly condemned for doing through negligence of duty.

It would lay itself open to charges which would bring scandal upon itself and the State.

The situation is clear. The voters of Kentucky have declared for this reform. If the Legislature of Kentucky, making good the negligence of the Secretary of State, denies them this reform there is going to be a State-wide stench when the question arises, why this denial? If the people want the reform and the contractors do not want it, a decidedly ugly situation would be brought about by the Legislature doing the will of the contractors instead of the people.

A Legislature which has displayed such ebullient sensitiveness about its honor because somebody proposed an investigation of its relations to Percy Haley and Sam Shackelford would, it seems, hesitate long before giving its critics such an opening as that.—Courier-Journal.

Utah, which had a record production of copper in 1912, exceeded that year's figures and made a still higher record last year.

TATTOOING OUT OF FAVOR.

The practice of tattooing is disappearing from the United States navy. The practice originated with the uncivilized people of the South Sea islands. Twenty years ago blue jackets believed that they were not full-fledged men of the sea until they had red and blue designs inked into their skin. Their cruises to far eastern ports were partly responsible for this. In the Orient a great number of the male folk are tattooed on some portion of the body, and there are thousands of experts who are willing to lend their art for a small price. The spread eagle is perhaps the most popular design. Superstition enters largely into the selection of design. For example, a tombstone is supposed to protect a man's loved ones at home.

THE HAPPIEST COUPLE.

Here is a wife and mother for you: "Have borne ten children," she writes to The Herald, "and have never given the danger a thought. Am strong and healthy, have a happy home and a good husband who thinks the world of me. We aren't wealthy and have no desire to be. Riches cannot compare with a baby."

They aren't wealthy, did she say? Why bless her good, kind soul, there isn't a wealthier couple in all the land. Rockefeller is a pauper and Morgan a starveling in comparison. For Rockefeller has only money and Morgan only money and power, whereas these twain have happiness, the most precious value in the world. Happiness and love and the inspiring care of children, who are at once the most interesting, amusing and uplifting influences in earth.

But isn't it rare and refreshing, tho, to meet a person who sincerely doesn't want to be money rich? Who really doesn't hunger to be surrounded by luxuries, weakened by indulgence or warped by adulation?

This happy mother of ten, whose good husband loves her, and in whose home the graces sit enthroned—you just know that she's telling the truth when she says she hasn't any desire for what the world calls wealth; for, compared with what she has, gold would seem dross and an excess of things only bother and embarrassment.

We can get love and happiness, too, as easily as we can get gold—when we try with equal diligence. Unlike gold, happiness can't be cornered.—Louisville Times.

FOOLISH PHILOSOPHY.

Many an humble lover makes a boss husband. Folks are either self-made or self-married. Most people's sympathies get no further than the telling.

No man has a clean record just because he is in the swim.

One in a while a young man falls in love and lands on his feet.

When a woman no longer gets any pleasure from quarreling with her husband it's a pretty sure sign she is getting tired of him.

It doesn't pay to grow sadder without growing wiser.

Many a man has found himself undone from trying to do others.

You never strike a man favorably if you hit him when he's down.

A BRAVE MAN SCARED.

Sam Lederer acquired a John A. Logan story the other day. Gen. Logan, rejoicing in the sobriquet of "Black Jack," is supposed to have been the most resolute Illinoisan who fought through the Civil War.

"There are only two things I am afraid of," the General confided to a friend. "A clerk in a hotel and a box office man at the theater."—Chicago Evening Post.

13,000 "CONVERTED"

By Billy Sunday at Pittsburg.—Evangelist Has Preached 87 Sermons In Five Weeks—Audiences Totalled 900,000.

Pittsburg.—The Billy Sunday evangelists have finished their fifth week in this city, and the interest in their meetings is still on the increase.

Nothing of a religious nature has stirred Pittsburg like this before. Every night the immense tabernacle is crowded to the doors two hours before the time to begin the meeting and thousands are left on the outside. Men even climb up on the roof, peer down the ventilators and try to hear the athletic evangelist.

Sunday has preached sixty-seven sermons to about 900,000 persons here and 13,000 have shaken his hand in the after meetings, signifying their intention of leading Christian lives.

The Sunday party is a machine, all working with precision and none encroaching on the other. Outside of Sunday, the most important figure is Professor Rodeheaver, "Rody" as the crowds affectionately call him. His duty is to get the great crowds into the proper spirit of listening to Sunday, "Rody's" great voice carries well through the tabernacle, and with the assistance of a choir of more than 1,000 at each meeting, he works up a spirit of enthusiasm and emotion that makes it easy for Billy Sunday to impress his personality and his message upon his hearers.

Women Have Big Influence.

Mrs. Sunday is not far behind her husband in her exhortations, and wields a great influence upon the women of the meetings. She also addresses meetings in the different churches on Sundays, and speaks every morning during the week at prayer meetings.

GOOD ANTI-PISTOL TOTTING LAW.

The unanimous passage by the Senate of a drastic bill to prevent the carrying of concealed weapons, of which Senator Arnett is author, is as follows: "The offense of carrying concealed deadly weapons denounced in this statute is hereby declared a high misdemeanor, and any person convicted under this statute of the offense of carrying concealed upon or about his person a deadly weapon shall be disfranchised and such conviction shall operate to exclude such persons from the right of suffrage for the period of two years from the date thereof. Any person convicted a second time under this statute shall be confined in the penitentiary for a period of not less than one year nor more than five years." The penalty for the first offense, in addition to disfranchisement, is a fine from \$50 to \$100 and a jail sentence of 10 to 40 days.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Thedford's Black-Draught, and quit

ONE BABY EVERY YEAR

Should Be Borne By One of the Members of Mothers' Clubs.

Cleveland, Ohio.—That at least one child shall be born every year to one of the members of the scores of mothers' clubs affiliated with the Ohio State Congress of Mothers may become the unwritten law of the organization.

A suggestion to this effect is to be made by Mrs. J. A. Smith, president of the Congress of Mothers, at the next Executive Board meeting of the organization. Director of Public Welfare H. R. Cooley also will be urged to establish a bureau for prenatal care at the City Hospital.

"I believe the club affiliated with the Ohio State Congress of Mothers should make a rule that at least one baby shall be born each year to one of the mothers," Mrs. Smith said. "Each club might offer prizes for a 'better baby' contest. Motherhood is woman's highest attainment.

"I expect to discuss the baby-a-year idea more fully at our Executive Board meeting two weeks hence. We also will urge that the city carry out its plan to establish a bureau for prenatal instruction.

"We should have training schools for mothers, where they may be taught to care for babies in a scientific and practical manner."

The readers of this paper will be pleased to learn that there is at least one cure for that disease which has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

BASKET BALL

Game Between the Local High School and Portsmouth Teams Tomorrow Night.

After a silence of two weeks in inter-high school basketball games the best and fastest game of the season up to date will be seen in the local High School Auditorium Friday night when the Maysville H. S. boys' team meets the fast and dashing warriors representing the Portsmouth, Ohio, High School.

The boys from Ohio represent a larger high school than Maysville and might well be expected to have the stronger team but the local team still claims the honor of being undefeated while Portsmouth can not claim to possess similar laurels. In the game with Brookville two weeks ago the Maysville boys displayed faster and better team work than in any of the previous games and in the meantime they have been carefully training and practicing for a battle royal with the visiting team Friday night. They will have their last scrimmage, before the game, with the city team at the gymnasium tonight when any one will be welcome to see the boys work at hard practice. Only the small amount of ten cents will be charged for admission to the practice game and at the same time both teams will play to win. Come and root for the boys in their practice tonight and then help them win over Portsmouth by your presence and enthusiasm Friday night. Watch for the record of the Maysville team Friday morning.

FOUR ECLIPSES IN 1914.

Four eclipses, two of the sun and two of the moon, are to take place during the present year. The first is scheduled for February 24th. It will be an annual eclipse of the sun, invisible in North America. The only persons who will have an opportunity to view it at all will be the residents in the most southern parts of Patagonia and New Zealand, and they will see it only as a small partial eclipse.

EASTER FALLS ON APRIL 12th.

Lent begins this year three weeks later than last year, being, of course, based upon the date of Easter, which is April 12 this year, as against March 23 in 1913. Very few people can tell why Lent varies so from year to year and why Easter may come as early as March or as late as April 12.

AN EGG DRINK.

The white of one egg, a pinch of salt, a teaspoonful of sugar, half a pint of hot milk and a teaspoonful of whipped cream make a delicious drink. WHEN THEY DIFFER.

The Rev. W. Warren Giles, discussing the differences known to exist between the typical Englishman and the typical American, said they were difficult to define, but might be illustrated by analogy in comparison.

"The Englishman's formula is: 'As it was in the beginning, is now, and ever shall be, world without end. Amen.' Whereas, the American's revised version is somewhat as follows: 'As it was in the beginning, is now—but, by Gum! there's got to be a change pretty darned quick or we'll know the reason why!'"

BED BUGS CAUSE CANCER

This Is the Opinion of Dr. John R. Littlefield.

Cumberland, Md.—Bed bugs cause cancer is the opinion of Dr. John R. Littlefield, who has made a life study of the disease.

"Our present theory regarding origin of cancer are untenable," he said. "Protozoan organisms must be regarded as the cause of its growth. The bed bug has been the constant companion of civilized man and cancer has always made its appearance among voyage people when they come in contact with civilization.

WOMAN SUFFRAGE

AMENDMENT

Miss Alice Lloyd and Mrs. Desha Breckinridge Make Strong Appeals For Popular Support of Important Measure.

The following two letters from Miss Alice Lloyd and Mrs. Desha Breckinridge are of timely importance to all women and appeal to every voter: To the Friends of Woman Suffrage in Mason County:

The following letter from Mrs. Breckinridge explains itself. Those who are in earnest in their advocacy of Woman Suffrage should not fail to write to Mr. Reed and Senator Hagby.

The bill before the General Assembly providing for an Amendment to our State Constitution admitting women to the electorate will not be passed unless the people interested manifest that interest. Write at once to our Representative and Senator requesting them to attend the hearing on February 9 and to vote for the bill.

ALICE LLOYD,
President Mason County Woman Suffrage League.

Lexington, Ky., Jan. 29, 1914.
Miss Alice Lloyd,
Maysville, Ky.

My dear Miss Lloyd:

It has been necessary to postpone the public hearing before the Committee on Suffrage from Wednesday, February 4, to Monday, February 9th, at 8 o'clock. When Mr. Miller went to engage the dining room for Wednesday night he found that it was already engaged to the State Game and Fish Commission that has gotten speakers to come from Washington to speak before that Commission on that date, so our friends at Frankfort thought it better to postpone our hearing to Monday.

I am sorry to have caused you the trouble of writing twice to your Senator and Representative, and having others to write twice, and yet, it may have an excellent effect upon them to have a number show sufficient interest to write to them twice, and therefore, I hope you will write and get all others whom you can influence to write urging them to be present at the meeting Monday night, February 9th, in the dining room of the Capital Hotel.

The interest in the suffrage question in New Jersey is intense; it would have rejoiced your heart to see that interest evinced at the session of the Legislature to which a number, of whom I was one, spoke Wednesday.

I shall be back in Lexington Monday, February 2nd, and hope I shall find a letter from you when I return.

Sincerely yours,
M. M'D. BRECKINRIDGE, Pres.

WHY NOT VACCINATE THEM WITH COMMON SENSE?

Frankfort, Ky., February 4.—The statement that Senator J. P. Porter, of Webster County, is confined to his room in Frankfort with smallpox caused an excited conference in the office of President McDermott this morning when the proposal for a general vaccination of the members of the assembly was discussed.

INTERESTING NOTES FROM DOVER.

(Dover News.)

There have been no cases of smallpox developed from the original light case and the quarantining of the Richard Cordroy home will be raised within a few days.

Mr. John W. Osborne continues quite ill and his friends have hope of his ultimate recovery under the care of a trained nurse.

Mrs. Dora Donahue and Mrs. Collins, mention of whose illness was made last week, are both still confined to their beds, with but slight improvement in either case.

Some time ago the town of Dover macadamized their streets with the offal of mussel shells from the button factory in that town. The chickens of that town are now eating up the streets. According to the News the old hens are playing "button, button, who got the button?" in place of laying thirty-cent eggs.—Falmouth Outlook.

Loose Leaf House in Dover.

Some years ago, when loose leaf sales houses were being established in various towns in the Burley Belt, The News urged that such a house would pay in Dover, and would be a great convenience to the growers in this neighborhood. At that time the objection was urged that buyers would not attend sales in a small town. It has later been proven by actual experience that the buyers will go wherever there are sales, and there is no reason why our producers should take their tobacco to surrounding markets when Dover could be made as good a market as any of them. We understand there is strong talk of a local sales house in Dover another year. The west end of Mason County and the east end of Bracken produces not only good but the very best tobacco, and we feel safe in predicting that this year's crop will be sold at home.

WOULD END POOLING

Of Kentucky Tobacco Growers If Proposed New Anti-Trust Bills Pass.

Washington, February 4.—That Section 4 of the Sherman law "definition" bill, one of the five trust bills now being considered by the House committee on the Judiciary, would put the Kentucky tobacco pools out of business, was the assertion made today by former Mayor Seth Low of New York in the course of the hearings on the bill. He warned the committee that the bill contained ill-considered provisions that would work out differently than intended or expected. Congressman Thomas of Kentucky pointed out that Kentucky pooling had at times doubled the price of tobacco, which later entered into interstate commerce.

"That would be clearly illegal under this bill," said Mr. Low, "and not only tobacco pooling, but farmers co-operative associations generally would be doomed."

Farmers

Have you ever tried our way of borrowing money to pay for a farm?

You, of course, know that most farms are sold for one-third cash and the balance of the payment is represented by lien notes due in one and two years. You also know that there are times when it is impossible to pay these notes when they become due.

Our specialty is lending money on good farms for LONG PERIODS. Wouldn't you rather have five years to pay the balance than two years?

Any one expecting to buy farm this March will do well to come in and consult us about getting the money.

We have been giving satisfactory service for 24 years.

We Are Now Ready to Give You Our Service!

To us service means this: To sell only the best merchandise to be had; to give what you want when you want it; to gladly refund your money if we fail to satisfy you. Try a Hart, Schaffner & Marx Suit and Overcoat for the price you usually pay for the inferior kind. Our stock of Shoes, Hats, Shirts and all the little accessories are selected with great care. Come in and test us out; it's worth while.

J. WESLEY LEE,
